

# Overview

## ***Climate Change: Future Proofing the Australian Seafood Industry***

### **Activities - 2009/10**

- Climate Change Business Planning Pilot Workshop.
- Communication Strategy.
- One-day workshops in Queensland and Victoria.
- Development of a climate change industry website that is owned by industry to help promote our work on this issue.

### **Activities - 2010/11**

- Seven, 1-day business planning workshops (South Australian, Tasmanian, Northern Territory, Queensland, New South Wales, Victoria and Western Australia).

### **Activities - 2011/12**

- Climate Change Business Planning DVDs incorporating learning from the workshops.
- Tracking Study to follow-up with workshop attendees how they have incorporated/dealt with climate change at a business level.
- Additional website development.

This project is supported by funding from the Australian Government Department of Agriculture, Fisheries and Forestry under the FarmReady initiative, part of Australia's Farming Future.
